Time and Assignment

- ▶ Each Group has 20 minutes to discuss and draw conceptual exposure models for:
 - Site workers (adults); and
 - Terrestrial receptors.
- ▶ Please refer to Figures 3.7 and 3.8 in the Da Nang case study and/or <http://www.popstoolkit.com/riskassessment/module/problem+formulation/diagrams.aspx>
- ▶ Please use the templates below.

Conceptual Exposure Model Human Receptors

Contaminant Source	Transport and Release Mechanism	Exposure and/or Residency Media	Exposure Route	Receptors
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
		<input type="text"/>		
	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
	<input type="text"/>	<input type="text"/>		
<input type="text"/>	<input type="text"/>	<input type="text"/>		
	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Conceptual Exposure Model Ecological Receptors

Contaminant Source	Transport and Release Mechanism	Exposure and/or Residency Media	Exposure Route	Receptors
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
	<input type="text"/>	<input type="text"/>		<input type="text"/>
	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>		<input type="text"/>
	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
