Risk Management Group Composition

Group Composition:

- 1) Cambodia + China;
- 2) Lao PDR + Indonesia;
- 3) Malaysia + Philippines;
- 4) Thailand + International participants; &
- 5) Viet Nam.

Please assign note-takers and presenters.

Each Group has 50 minutes to discuss:

1. Please list key scientific, economic, social, political factors to be considered in proposing risk management for the site?
<http://www.popstoolkit.com/riskmanagement/module/intro.aspx>
2. What are the management goals and options for the site?
<http://www.popstoolkit.com/riskmanagement/module/step2.aspx>
3. What are the potential costs of implementing the proposed risk management options?
<http://www.popstoolkit.com/economic/tool.aspx>
4. Which risk management measures would be most effective and how best to implement them? Why?

Thank You
